

HARASSMENT AND NONDISCRIMINATION

Harassment and Nondiscrimination Policy

Blackhawk Technical College is committed to providing an atmosphere that is free of all forms of discrimination and harassment. Blackhawk has developed policies and procedures that comply with College values, as well as federal and state laws and regulations. Blackhawk is committed to Equal Opportunity/Affirmative Action for its employees and students as required by law in its admissions, employment, and educational programs and activities. These policies apply to all members of the Blackhawk Technical College community. All members of the College community share a collective responsibility for creating and maintaining an environment that is free from discrimination and harassment. Should a violation occur, the College will follow the Student Code of Conduct procedures to impose appropriate sanctions.

This policy applies to all Blackhawk programs, activities, practices, operations, and behaviors that take place on any college property, facility, or building, and any on, or off-campus college-sponsored events.

All actions by a member of the college community that involve the use of the College's networks and/or technology from a remote location including, but not limited to, accessing email accounts, are considered to have occurred on-campus. This policy may also apply to off-campus or online conduct when the college determines that the conduct affects a substantial College interest. A substantial College interest is defined to include:

- Any action that constitutes a criminal offense as defined by law.
- Any situation where it appears that the accused may present a danger or threat to the health or safety of self or others.
- Any situation that significantly imposes upon the rights, property, or achievements of a student or causes significant social disruption.

Any online postings or other electronic communication by students and employees, including cyber-bullying/harassment that occurs completely outside of the college's control will be subject to this policy when the online behaviors cause a substantial on-campus disruption or use the college's networks and/or technology. While Blackhawk may not control websites, social media, and other venues in which harassing communications are made, the college maintains a responsibility to review and attempt to resolve the situation when such communication is reported to the college.
